University

MSRDC Representative

A forum for government partners, minority serving institutions and other potential partners to learn about Minority Serving Institutions (MSI) partnering opportunities. Featured talks will be discussions of ongoing work MSIs are performing in support of CDBP priorities; discussions of opportunities government sponsors will have available to MSIs; discussion of potential ways for MSIs partner with the DoD Laboratory researchers; and an introduction to the Minority Serving Institutions Research and Development Consortium (MSRDC) and how to partner with this consortium of over 40 MSIs.
